

• Blujet Builders •

First Lego League is for kid's ages -14.

First Practice:
9/9 at 430pm at
St. Anne's;
Science Lab

The Challenge has three Parts:

Robot Game: Teams will build and program an autonomous LEGO MINDSTORMS robot to perform as many of the challenge missions as possible in a 2 ½ minute time frame.

Project: Teams will do research around the year's Challenge theme and come up with a real-world problem that they want to solve. They will work on a solution and present it to judges during competition

Core Values: The Robot Game & the Project are what you do, and the Core Values are how you do it. The two guiding principles are Gracious Professionalism and Cooperation. Kids complete like crazy while at the same time showing respect for their teammates, coaches, and their competitors.

Coaches: Matt Novak 320-309-9549 and Amanda Guetter 507-459-4271

Upcoming Practices:

9/16/2019 @ 430-530p

9/23/2019 @ 430-530p

9/30/2019 @ 430p-530p

10/1/2019 @ 430-530p with family BBQ
after practice*

Blujet Builders will focus on building interest in STEM through a real-world challenge that will be solved by research, critical thinking, and imagination.
